Organization Overview

Rural Organization for Social Advancement called "ROSA" Sansthan. It is a civil society organization of Uttar Pradesh, India, Which is working in eastern Uttar Pradesh. The main target of the organization is Dalit (most are the people of the every caste and religion who are most neglected in the society), backward and minor communities who is divided in different classes and castes. They are struggling on their level for livelihood but due to current socio and political circumstances, their whole development is not progressive as per basic need. Main objective of the organization is promoting to national integration for society full of justice & equity through rural organization and such work that community could be help by them. Its came into existence in 2003, this organization got registered under the Society Registration Act 21 of 1860, having the registration No 401 dated 21.7.2003 & Registered under Income Tax Act - 12A, No. 118/2007-08/298, dated 30-11-2007, PAN No. - AAAAR5396P.

PROFILE

"ROSA" was established by a group of Gandhian ideology social worker, this group observed that people working a brick field (kiln) with women and children work very hard but they live in a very un safe house & their children did not have the basic rights of theirs. they work in unfavourable working condition keeping their lives in danger still they have always fear in mind the danger of livelihood. Their families are far away from the better education & health and social securities. Due to these reasons, unorganised labours of the society are victims of different types of exploitation.

- **Nature:** - A non- political organization under the power of Indian constitution.
- **Vision:** -To establishment of society full of justice and equity for social advancement.
- **Mission:** - To provide service to the people for entire social advancement, so that they can ensure their well-being.
- **Objectives:** -

RESULT UNDER THIS PROJECT

Following achievements are the directly and indirectly impacting the community: -

1. 155 labours were living in bonded circumstances were freed from bonded circumstances.
2. 7 Musahar bounded labour family received land allotment of our project area for the purpose of agriculture.
3. 89 School-going girls got life-skill training and they also received computer skill training such as Hindi and English typing, web search, job search and application form etc and they continuing their school education.
4. 25 women labourers of highly deprived communities have got the skills training of sales and marketing training in which to go and visit the sale of fruits and vegetables and related market systems. This made them perspective about working for the first time in their life, apart from labour wages.
5. 24 members of the Community Vigilance Committee, who were freed from modern slavery situations
6. 53 members of the Self-Help Group, who are freed from the conditions of modern slavery, are fulfilling their needs through saving and credit of SHGs.
7. Members of the 230 adolescent group members who were freed from slavery conditions, living in safe conditions and they link with life skills training and they are taking advantage of skill development processes.
8. 87 children of the children's age who came out of the condition of child labour and they are progressing in the direction of development by joining the processes of education according to their age.
9. Drop out 59 children from labour families, enrolled in government school and they are involved in the development process of education.
10. 409 adolescent girls completed life skills training and they got the stitching and beautician skills through vocational training and they are now trying to get job.
11. 65 adolescent girls are getting vocational training and joining the means of livelihood to increase the family income though the intervention of project.
12. 77 Target families are earning additional income by adopting alternate livelihood source with the help of goat rearing, shop keeping and rickshaw pulling and they are using it for their better life.
13. Out of the target families, 1264 labours are benefited from the benefits of government facilities like pension, housing, MNREGA, maternity benefits, mid-day meal and nutritional supplements etc.
14. 17 Asha of project are understood the reason for going into debt of poor families, so that they realized the negative consequences of their work and they tried to work towards initiatives in the interest of the poor labours' families.
15. The 327 children of the most vulnerable labour community, who were enrolled for class 1 to 5 in the government primary school, were enhanced

- to their learning level and were protected from going into child labor, bonded labour and human trafficking and in the process their parents included the child's all-round development.
16. To the 959-labour community of the project area, the people went to know the procedure for the benefit of government schemes and received it and advocated getting it from the block to the district level officials.
 17. For the first time, 750 adolescent girls shared their experiences related to girl's protection issues at cluster level with other similar girls, and gone to the government's protection system and communicate with the authorities. Through this process, the organizational spirit developed in adolescent girls.
 18. 923 girls of the labour community are organized into 48 girl groups and they are raising their voices in the family and society, initiating themselves on the issue of their safety and development.
 19. 65 Adolescent girls started earning after getting skill development training by project initiatives.
 20. Among the 42 girls, the fear of police has gone away and they went to know the procedure of police work and to understand the processes of becoming police person. Now the girls are making aware of other girls for the same.
 21. 649 girls from Labor community participated in the leadership development training and understand the role of the leader on protection of labour community.
 22. 24 bonded labour families benefited from the LPG facility and they are using it.
 23. 22 bonded laborers are living a normal life after being freed from the Health Debt. It is known that during the survey, a total of 150 families were living in health debt in the project area.

-

Vocational and life skill training Project

Beauty parlor, computer knowledge and tailoring, these are the 11 vocational centers are being run by organization. Main objective of the organization to run the centers to provide skill to the grownup adolescent drop out, never being and school going girls and women in the community so that they could stand on their own feet and to become an earning member in the family. at present these centers are being in our working area at Azamgarh, UP.

At present 11 centers are being run by the project and total 988 girls have trained from 60 villages of working area are being benefitted.

Health and nutrition Project

In working area dalit and minority community are very casual toward their health. They believe in conventional method of treatment. They did not know the importance of nutritional value for pregnant women and children even they have very casual approach toward the hygiene. They were also very insensitive and emotionless even on child mortality and Maternal mortality.

Considering the above situation organization has taken it as challenge. Organization has started working to meet the challenge from the year 2017. We are organizing camps on health and nutrition on regular basis and required medicines are also being provided. We are also monitoring and motivating to pregnant women, lactating mother and children under the age of five years. They are being aware about govt. schemes related to health and nutrition of children and mothers.

Significant changes are being observed among the community. Now the people understand the malnourish, importance of immunization, anti-natal care and post-natal care and also aware about govt. schemes and taking initiation their own.

Initiation Taken

- Organized public awareness comps against six killer diseases.
- Advocacy of immunization camps.
- Monthly village awareness meeting and giving knowledge.
- Health camp.
- Promotion of Community health volunteers
- Health check-up of under 5-year children
- Promotion of local food farming

- Health camps and medicine support
- Promotion of children groups
- Promotion of adolescent girls group

Sustainable livelihood Project

Initiatives taken throughout the year

- ❖ *Contacted with village representatives*
- ❖ *Lesioning and Developed link with the community.*
- ❖ *SHGs were constituted in our working area.*
- ❖ *Lesioning with concern govt. department, availed supports like kits, training related to schemes.*
- ❖ *Regular meetings and awareness programs on different topic related to benefits, with the community were organized.*
- ❖ *inter loaning.*
- ❖ *Machan farmers were selected from the village community.*
- ❖ *Training of farmers for Machan method (multi lair farming) farming were provided*
- ❖ *Testing of soil is organized and wormy composed fertilizer was used.*
- ❖ *Back yard poultry farming- met with govt. officers of concern department; bring the scheme in our block and 7 days training was provided to the beneficiaries.*

Turmeric Powder:-

- ❖ 20 women had been provided 3 days training on processing, marketing and packaging of turmeric.
- ❖ 1 Bigha agriculture land is used for farming of turmeric by 8 women.
- ❖ Market survey.
- ❖ Local market and during the day of market (Hot bazaar) members are contacting shopkeepers, hawkers and also to the community.
- ❖ Investment.
- ❖ Spices in Nepal is chipper than India they purchase raw spices from Nepal and after that they sell it in India on good margin of profit

Production of organic rice

This region is low land area and rice is the main crop. Now a days people are very health conscious and want to take product without using any fertilizer. In the region this organic rice is grown in deep water (pond) without using any fertilizer. Some women of our SHG are growing this rice in their ponds. Considering the future prospect SHG has decided to start business of rice in branding name "UMDA FRESH". They will purchase paddy from the community and it will be processed by them for sell. There will be two quality of rice – Boiled and plain rice.

Three lair farming

By using three lair farming the farmers can grow three crops at a time in very small piece of land. Vegetable grows underground, vegetable grows on the surface and vegetable grows on roof top these are the 3-lair farming.

Support to rural poultry farming scheme

Rural back yard poultry farming is a ", U.P Government scheme . Under the scheme beneficiaries are provided chicks, chicks food and cash to promote the farming. Many families of our working area are getting benefit by this business .

Achievement of the year under sustainable livelihood support:-

- ❖ Out of 62 groups total saving by 21 groups is Rs. 294000/-and total inter loaning amount is Rs.256500/-.
- ❖ 22 Machan farmers (stair farming) have earned Rs. 28000/- to 34000/- each by growing three crops at a time.
- ❖ 212 farmers are enrolled for the scheme of Agriculture Department.
- ❖ Under Prime Minister Irrigation scheme, wheat seed was distributed among 18 farmers and by which Rs.48600/- was received by the farmers.
- ❖ To manage pest control through organic method, kits were distributed among 50 farmers.
- ❖ Light trap was distributed among 5 farmers by Agriculture Department for organic pest control.
- ❖ Through cluster demonstration, "Swarn Sau 01" seed which grows in deep water, was distributed among the farmers.
- ❖ 280 families of our working area were benefited "Under Food Security Scheme"
- ❖ 203 families have started multi and combine crops harvesting.
- ❖ 150 families have been provided 25 chicks and Rs.1500/- each under the scheme of "**Rural back yard poultry farming**", U.P. Government. They have earned Rs. 195000/- and 3750 chicks.
- ❖ Signature movement for regularization of ToP bill 2018, "Prevention, protection and rehabilitation on human trafficking"
